(Anything with a * next to it indicates that it's not essential to the running of the scenario, you can press F2 and 'OK' when the scenario starts, but you *will* see less AI about)

Please Note

- **The timings of your train, and the timings of all AI services, are from the *FULL* August 2020 timetable.**
- **Reskinned Class 360s substitute for Class 334s, due to them not being available for TS yet.**
- **Class 170s substitute for Class 385s, due to this section of Suburban Glasgow being unelectrified.**
- **A Caledonian Sleeper 73 + MK5s set is usually stabled in Fort William station sidings. Due to suitable MK5s not being available for TS, this isn't represented**
- **The new version, for West Highland Line Full (Suburban Glasgow Northwest), only includes parts 2 & 3, which covers the journey from Crianlarich to Mallaig.**
